## 25TH ANNIVERSARY CELEBRATED HERE BY FIRE FIGHTERS

1500 Persons Watched Parade and Program. More out for Street Dance

The 25th anniversary of the Antioch Volunteer Fire Department was celebrated in Antioch Monday with a parade and a program that was followed by a street dance in the evening. Approximately 1500 people watched the parade and the contest events, and it is estimated that two thousand were present for the dance, with four hundred persons dancing at once on the huge canvas that was spread for the occasion at a roped intersection of Main st., extending from Lake to Orchard Street. Robert Wilton, president of the Antioch association, was chairman of the anniversary event.

The parade was a colorful affair, to which considerable historical interest was attached. The growth of the department was traced from its beginning twenty-five years ago to the present day. Antiquated equipment was brought out for a day's airing, lending glamour to the new, modern equipment which will compare favorably with that of any department in Lake County.

### Women Have Water Fight

Taking part in the parade and in the events that followed were the fire-fighters of neighboring towns, including Fox Lake, Grays Lake, Mundelein and Libertyville. The parade was led by a Waukegan band and a number of the firemen's ladies took part in the parade, later staging a water fight which lent variety and merriment to the program. Three teams of six members each competed; these were from Mundelein, Grays Lake and Antioch. The Grays Lake team won the fight from Antioch, but Mundelein defeated Grays Lake. The women's water fight was the most amusing of the several contests staged and the contestants seemed to enjoy it even more than the on-lookers.

Contestants on the local team were Mrs. Elmer Hunter, Capt. Mrs. Ed. Simonsen, Mrs. C. E. Hennings, Mrs. Einar Peterson, Mrs. John Horan and Mrs. Irving Elms. All the women donned the firemen's fire-fighting togs for the contest and were well-fortified with their rubber boots, coats and hats.

### Lions Tame Legion Team

Led by big Jim McMillen, internationally known heavyweight wrestler, as nozzie man, the Antioch Lions club water fight team out-squirted the local Legion team two heats out of three. Jim had able support by his teammates—Oscar Bachmeister, Frank Powles, Ed Vos and George Wagner, while the Legion team lined up with Dr. Zimmerman, Walter Hills, Dr. Luterma, Warren Edwards and Otto S. Klass.

The water fight between the men was full of gusto while the going was good. It was not fought to a finish because the barrel jumped off the wire quite unexpectedly and the fight stopped right where it was—and that was right where Gurnee was holding the lead, with American Steel & Wire running second, and Fox Lake third. Antioch did not take a hand in the fight; no one was injured when the barrel jumped the wire.

Following the events of the day a meeting of the Lake County Firemen Association was held at Guild Hall, with Fire-chief Freeman of North Chicago presiding. This meeting was attended by 150 members; the membership is made up from the various departments, both paid and volunteer, of Lake county. In addition to fire departments the American Steel and Wire Co., the Cyclone Fence Co. and Abbotts Laboratories are members of the County association.

Charter members of the Antioch department who were present to take part in the festivities are Henry Billett, the first fire-chief of the department; Lew Van Patten, the first president; William Workman, Herman Wienke, John L. Horan, Wm. Van Patten, Joe Pillsweber, George Garland, Harold Pillsweber and Ed Garrett. Other charter members, not present at the celebration were George Conrad, Frank Palmer, William Dupree, Ralph Fields, Percy Hawkins, Earl Horton, Wm. Kuelman, Ben Drury, George Van Patten, Chase McGuire, Ray Webb, Wm. J. Christian, Ernest L. Simonsen, Claire Kelly, Bert Overton, Wm. Beller, Victor Chinn, James Wilton, Sam Tarbell, Wm. Davis, Fred Morrell and Ernest Horton. Of these the last eight are dead.

### Service Badges Awarded

Guests of honor at the evening meeting of the county association were Henry Billett, Lew Van Patten, George Garland and John L. Horan, all of whom have seen twenty-five years of continuous service in the Antioch department. They were honored by the presentation of service badges and Mayor George B. Barlett, who addressed the meeting, (continued on page 8)

## JUST ANOTHER SCRAP O' PAPER!

## ANTIOCH TAX BOOKS AGAIN IN FIRST

Assessor E. L. Simons Leads Township Collectors in Speediness of Work

This week the Antioch News prints the first tax assessment roll for Lake county. This is due to the traditional speed of Ernest L. Simons, Antioch township assessor who was in with his books yesterday, maintaining his several years' record as the first of the Lake county township assessors to turn in the books.

Mr. Simons' record is distinctive in other respects. He was first elected in 1929 and has topped the vote on the local ballot ever since. He was first appointed by the town board to finish out the unexpired term of Harold Gelstrup, who died while in office. At the end of that year he was elected for a three year term, after which he was twice re-elected for four year terms in accord with the new state law providing for a uniform term of four years.

Ernest L. Simons also served as trustee of the First Fire District of Illinois, which was formed by the Antioch township immediately after legislation at Springfield provided for the formation of such districts.

## Legion Ladies Plan Pot - Luck Dinner

Mrs. J. C. Jensen, Mrs. Warren Edwards and Mrs. A. P. Bratrude were hostesses to the American Legion Auxiliary at their social meeting last Friday at the Bratrude home. Mrs. W. W. Ward and Mrs. Otto Klass were elected delegates to the state convention at Rockford. Mrs. John Zimmerman and Mrs. John Horan were elected alternates. Prizes were won by Mrs. Erma Powles, Mrs. Walter Hills and Mrs. Chris Mortensen. The next meeting of the Auxiliary will be a pot-luck dinner given on July 21 at the home of Mrs. W. W. Ward, at Channel Lake. It was voted to omit the regular business meeting of the Auxiliary because all members will be spending their time at the American Legion Festival.

### Forty-six Cents

### Given for Relief

The Post-Dispatch several days ago published a photograph of a relief fund check for 46 cents, issued April 26 to George Babich, unemployed miner of Ziegler, Ill., as his allotment for two weeks' sustenance.

Frank Zieliński, recording secretary of the Workers' Alliance of Ziegler, sent the check to the newspaper.

Mrs. Imogene MacKenzie, chief clerk at the Ziegler relief office, told the newspaper the state's contribution for relief in April was only \$2,080. There were 1,268 persons on the rolls during the month.

This is only another example of what "New Deal" relief does, instead of getting back of legitimate business so that all could have a job at decent wages.

We'll bet dollars to doughnuts that Mrs. MacKenzie and all other of the office employees, none of whom are in need of relief, got a full pay check while 46 cents is given to the needy.—The Quincy Record.

Miss Roberia Anderson, daughter of Mr. and Mrs. Bart Anderson, returned home Saturday from a two weeks' visit with Miss Harriet Merrill at Forest Park. Miss Merrill accompanied her home and remained until Monday evening.

## CHANNEL LAKE STEPS OUT IN GAY REGATTA

Early August Will Feature One of the Brightest of Lake Contests

Channel Lake business men and residents are getting ready for a summer entertainment program that will introduce excitement and fresh interest into the lake region's summer program. Plans named to assist Chairman John B. Barth with the details of the Channel Lake Regatta which will start Aug. 6 and continue for one week. The program will be generously dotted with such events as sail boat races, evening regattas and popular sports events of a varied nature. Some famous outboard motor racers will take part in the board motor Association was at the lake last Sunday and expressed enthusiasm for the outlook of the approaching regatta.

All business concerns around Channel Lakes are co-operating including those who, because of their locations have valuable parking space. Enthusiasm for the affair has spread to the residents and interest is already centering on the popularity contest, by means of which a Queen of the Regatta.

Details of the contest are not yet ready for publication, but entry blanks will be obtainable at an early date, when the plan of the contest will be complete. Special lighting arrangements are being made and Channel Lake will be one of the brightest night spots around the lake region during the Regatta. Assisting Mr. Barth on the arrangement committee are Frank Royer and Lester Anderson, both of whom have participated in important outboard motor races.

## Brass Ball Again In Limelight

Offie O'Mara, formerly a minor league ball player and for many years a short-stop with the Brooklyn Dodgers, opens the remodelled Brass Ball tavern tonight with fanfare that is merited by the picturesque history attached to the old tavern and the brass ball that has marked the corner where it stands for many years. O'Mara recently enlarged the tavern, renewed throughout the equipment, remodelled the interior and made it into an elaborate resort.

The brass ball from which the place takes its name has a history that extends over the better part of a century and stretches across two continents and half-way back again. Ninety-six years ago, as the story runs, the ball was brought to America from France, and erected at the corner of highways 50 and 83 by Daniel Burgess, the owner of the first tavern which opened on that corner, in 1842. The huge ball was of wood and painted brass. It has marked that spot ever since, although the tavern has changed hands several times and the two intersecting highways have come to be two of the most important in the state.

During the world war the old ball was blown down and smashed to pieces. Afterwards the owners of the tavern at that time learned that a huge, battered aluminum ball had washed ashore near Georgiana, Florida, and they had it brought to Kenosha and relung.

Mr. and Mrs. Charles Hass and Mrs. D. N. Deering spent Thursday in Chicago.

## WRITES OWN LIFE STORY AT AGE OF 84

Mrs. Addie Williams Left Interesting Bit of Personal History

The death of Mrs. Addie H. Williams, which occurred last week, took away one of Antioch's most interesting and colorful characters. A highly intellectual woman in her prime, Mrs. Williams retained much of her mental alertness at the advanced age of 84 years. Prior to her death she prepared in part, a brief story of her own life, remarkable for its clarity. This story is printed here, supplemented since Mrs. Williams' death, by members of her family. The portions prepared by Mrs. Williams are distinguished by quotation marks which occur throughout the story; it reads as follows:

"Addie H. Williams was born Aug. 17, 1854 in a farm house which still stands, one mile north of Antioch. Her father, Henry S. Rector, came to Antioch in June, 1837, from Bridgeport, New York, and soon brought his wife, Nancy Gage Rector and two daughters to the home of Darius and Thomas Gage, where on June 23, 1838 a brother, Edwin O. Rector was born, said to be the first white child born in Antioch.

Mrs. Williams died on June 23, 1938, one hundred years after her brother's birth.

"An Indian trail ran through the woods just west of the farm house and she remembered the Indians bringing a sick child to her father who gave them milk for the baby. She walked to the country school, a mile away and remembered the school singing the war songs of the civil war. Her brothers were volunteers in the Union Army; the youngest, Gage Rector, was brought home from Tennessee to a military funeral in the grove at what is now the corner of Lake street and Hillside avenue.

"At the age of 14 she taught school in the Channel Lake district, then went to school in Waukegan, and later taught in the Grays Lake and English Prairie schools.

"On Jan. 1, 1874 she married Daniel A. Williams and to this union four children were born. Dr. Ray D. Williams, Mrs. Elsie H. Schroeder, Mrs. Laura A. Dupre, deceased, and Miss Ruth E. Williams.

Community history reveals that Mr. and Mrs. Williams were public spirited and socially minded citizens, and their service in the social, religious and business life of the community will be long remembered. Mr. Williams with his brother, Edgar D. Williams formed the central in bringing the railroad to Antioch. Mrs. Williams helped to organize the Methodist Church in 1879 and took an important part in all church activities. Her father was the first Sunday School superintendent, and the Ladies Aid Society was organized in her home. In those days when neighborly assistance was asked and freely given, her charitable and motherly spirit was always in evidence.

A long and useful life was ended when death came on June 23, 1938 at her home on North Main St., where she had lived for nearly 60 years. She leaves to mourn her loss, three children, ten grandchildren, and several great-grandchildren.

Interment was in Hillside Cemetery, beside her husband who died in 1921. Rev. Henslee officiating.

## Food Locker Service New to Lake People

An innovation in the handling of perishable foods and customer service is to be inaugurated Saturday in Fox Lake when the Jefferson Locker Service, a division of the Jefferson Ice company, opens its new plant on Grand avenue, west of the depot.

The new concern offers an entirely new service. It makes it possible for the farmer who butchers his own meat, the sportsman who bags quantities of game, and the fisherman who pulls Osage and Fanny out of the lake, to rest meat of any kind may be placed in the Jefferson Food Locker to be frozen; furthermore it may be stored there indefinitely awaiting your pleasure, to be withdrawn for use at any time in perfect condition.

Other unusual services are offered, such as grinding and packing meat, curing fard and the purchasing and curing of fresh meat for their patrons.

## Mrs. Richey to Teach In Northern Michigan

Mrs. Ruby Richey, who has been identified with the faculty of Antioch Township High School for many years, left Antioch Saturday for Marquette, Michigan, where she has accepted a position as Home Economics teacher of the Northern State Teacher's College during the summer term. She was accompanied there by her son, Paul, who returned to Antioch on Sunday.

## Jim McMillen Meets King Kong Friday

Jim McMillen, Antioch wrestler, will meet King Kong, the bearded Abyssinian wrestler, in a sixty minute time limit one fall match on Friday night, July 1. The match will be staged at the junction of routes 54 and 20 and considerable interest attaches to the match according to wrestling fans, many of whom profess to believe that Kong is headed for the heavyweight wrestling crown and is hard to stop. It is an important match for McMillen, who, if he subdues Kong, will be in line for another match with Ruffy Silverstein, to whom he lost a decision and the title. Since then a ruling of the boxing commission makes it impossible for a title to change hands with a decision.

Other and less important wrestlers will be matched in the opener and the semi-finals.

## HOLIDAY TRAFFIC STARTS SATURDAY

600,000 Motorists Will Take to the Highways for Three Days

The Fourth of July holidays will see Antioch and the surrounding Lake region at the height of the summer season. Vacationists who have delayed their recreation weeks because of the unusually cool summer weather will take advantage of what promises to be a beautiful Fourth and take themselves to the resort regions for some of the coveted pleasures of the season and the lakes.

Bert Vanderwarf, head of the Chicago Motor Club touring and travel bureau, makes a prophecy that attendance at resort areas during the coming holiday week will shatter all records. Requests for touring information indicate, he says, that 600,000 automobiles will be on the highways during the peak of the holiday traffic.

Many motorists are taking unusually long trips because of the three-day holiday that results from the Fourth falling on Monday. Inquiries have been received for routes as far away as the Ozarks, the northern tip of Michigan and even the Great Smoky Mountains. By the same token it may be assumed that Antioch's beautiful lake region will draw this year from remote places.

The rainy spring has done much to increase the early beauty of the parks and vacation areas and vacationists will not be disappointed in the lovely appearance of the lake region.

## LAKE COUNTY CHORUS FORMS AT GRAYSLAKE

Membership Open to Any County Resident; Officers Named

The Lake County Chorus was re-organized on June 15 at a meeting at the Farm Supply Building in Grays Lake. The chorus is composed of Lake county residents who are interested in learning and singing good music. The project is sponsored by the Farm and Home Bureau under the Extension Service of the University of Illinois. The group plans to meet every Tuesday evening in Grays Lake from now until August 20th, when the program will be given in Chicago.

The following officers were elected: Director, Mrs. J. L. Magnuson, Mundelein; accompanist, Miss June VanZandt, Grays Lake; chairman, Mrs. Harry Wagner, Mundelein; secretary, Mr. Chesney Brooks, Waukegan; Mrs. Al Schenke, Mundelein, and publicity chairman, Mrs. Herman Stiehr, Wadsworth.

Mrs. Florence Johnson of the University of Illinois was present at the June 15 and 21 rehearsals. She explained the cantata "Harvest Caravans" which was written by Professor Russell Miles at the University of Illinois for county and state chorus use. The cantata will be given on August 19 during State Fair by the state chorus at Springfield.

Several numbers from the cantata will be given by the chorus of 500 voices made up of county chorus members in Northern Illinois.

An invitation is extended to any one in the county who wishes to join the chorus to attend the rehearsals every Tuesday evening at the Farm Supply Building, Grays Lake.

### Ladies Day Postponed

Ladies Day at Chain O' Lakes golf club, ordinarily observed on Monday of each week, is postponed until Tuesday of next week because of the Monday holiday.

This week the blind boggy golf prize was won by Mrs. Farrell and Mrs. Joseph Morley. The bridge prize went to Mrs. Rogers, of Loon Lake and Mrs. C. K. Anderson of Antioch.

## ANTIOCH LEGION BEGINS FESTIVAL FRIDAY NIGHT

4-Day Show Planned with Varied Amusements and Games

The Antioch Post of the American Legion No. 78 is all set for their annual festival which will begin on Friday night of this week, in the event of favorable weather. The festival will continue four days, closing on the evening of the Fourth.

As in former years the festival will be held on the lot opposite the post-office at the corner of Main street and Park avenue. This lot is the property of Mr. and Mrs. Clarence V. Thayer, himself a Legionnaire, who are providing the festival site gratuitously.

New Features This Year

There will be the usual carnival features, including the great ferris wheel, merry-go-round, the tilt-a-whirl and various other thrill providers. In fact no single attractive feature of other festivals has been omitted, and several new ones are added.

The Legionnaires and the Ladies of the Auxiliary will conduct the games, as on former like occasions, amusement devices, lunch and refreshments stands will also be under their supervision.

Walter Hills is chairman of the festival committee, assisting him are Capt. L. D. Powles, Warren Edwards, Dr. L. J. Zimmerman and Bill Phillips.

## "LOTUS QUEEN" FOUND DEAD IN FOX LAKE

Fish Planted in Grass Lake May 22 Is Victim of Motor Boat

The "Lotus Queen," Grass Lake's \$200 prize fish, is dead—the victim of a motor boat propeller, according to Frank Novak, deputy investigator for the State Department of Conservation, who found the fish Tuesday floating in Minneola Bay at Fox Lake. Assistant Investigator Jimmy Lynch reported the finding of the fish to the Grass Lake Prize Fish association. The fish apparently was the victim of a motor boat propeller, Lynch said.

Just what action will be taken by the Association has not been decided. Louis J. Nielsen, president, said today. Rules in contests of this kind are, that the fish be taken alive with hook and line. Nielsen said, but it is believed that some reward will be given for the return of the tag and for the information regarding the fate of the "Lotus Queen," one of the \$200 prize fish planted in Grass Lake on May 22.

Two catches from the hatch planted by the Chicago Evening American were reported during the past week. A bluegill tagged for one dollar was hooked in Lake Marie by Ed Hurlander, a painter, 6310 Kenwood avenue, Chicago.

The first local man to get in the money with a prize fish was Bill Brook who caught a bass tagged for one dollar in Lake Catherine Thursday. The tags are redeemable by the Chicago Evening American. Brook said he was undecided whether to cash in his tag or save it for a souvenir.

Fred Tandrup Loses Fingers

Fred Tandrup, of Fox Lake, had his left hand seriously injured in an accident incurred while using a saw last Tuesday. He was attended by Dr. Deering of Antioch, who took him immediately to Victory Memorial hospital in Waukegan. There his hand was operated on by Drs. Hoag and Deering who, found it necessary to amputate the fingers of the injured hand, all of them having been practically severed in the accident.

### Kenosha Motorcycle Club Race

The Kenosha Motorcycle Club will have the annual motorcycle race Sunday afternoon, July 3rd, at Twin Lakes, Wisconsin. The event which has the sanction of the American Motorcycle Association, is the tenth to be held over a period of that many years and it is noteworthy that no serious accident has ever marred any one of these annual events. Next Sunday's race will start at 1:30 o'clock.

### Guernsey Cow Is Sold to Welch at Antioch

Peterborough, N. H.—A purebred Guernsey cow, Dunwalke Rose of the Desert 301180 was sold recently by L. J. Drake of Plano, Illinois to E. C. Welch of Antioch, Illinois, according to the American Guernsey Cattle Club, Peterborough, New Hampshire.

### The Political Sponge

On June 11, the New York stock market had the lowest trading session in 20 years. A variety of excuses can be advanced for this, but you can't laugh off the fact that the continuous drive against American business, capital and earnings by vote-seeking politicians has had its deadly effect in beating industry to its knees, discouraging the investor and raising public debt and taxes to the danger point.

Organized politics is the worst monopoly that the consumer, the laborer and the investor face today. It confiscates the savings of productive enterprise; it destroys regular jobs, for political patronage, and it produces no new capital—it simply absorbs like a sponge the savings of the nation.

### Tax Termites Eating You

Those who still believe in the ancient fallacy that the "rich can pay the cost of government" will be startled by a recent survey showing that if everyone had to turn over to the government all income in excess of \$5,000 a year, the sum collected would pay only one-fifth of the total cost of government—federal, state and local.

In other words, the great bulk of taxes are "hidden taxes"—and they are paid principally by the person of small and moderate means. A loaf of bread, for example, is taxed 57 times. The tax collector gets his share when you pay your rent, buy a suit of clothes, go to a movie or do almost anything else.

### Farm Co-operation During Depression

It is in times such as the present, with the country deep in depression, that the agricultural marketing co-operatives make some of their finest contributions to the welfare of agriculture.

With markets thinning and prices declining, the need for business-like co-operation in producing, handling and selling the products of the farm becomes steadily greater. And while co-operatives cannot keep prices at desired levels, or force the consumer to use more goods than he can buy, they can and do exert a measure of control over the problem that prevents ruinous waste and loss.

### Best Friends

It isn't fun to be thrifty when you're young. It's more pleasant to spend ten dollars for amusements than to put it in a bank or a life insurance policy. When you grow old it becomes a different story.

Tens of thousands of men now in dire want, once had good jobs, substantial incomes, and even fortunes. They had "fun" then. They're paying the piper now. They can look forward to spending their declining years as wards of public or private charitable agencies, remembering with bitterness what might have been.

Every man owes it to himself, to his dependents and to the society in which he lives, to prepare for the exigencies of the future. Life insurance and similar instruments of thrift are the best friends the average man has.

### Taken for a Ride

We make no bones about our sympathy for the Democratic party. It simply is neatly tied and a gag dangles at the end of its nose. This great party has had an equal share in the inspired progress of our country. It has been the champion of maximum state sovereignty and of minimum federal control, and now that the new deal stranglehold has insinuated itself nationally, it only can helplessly roll about in the galloping machine. And this machine will continue its blighting course just as long as it can be fueled and Mr. Roosevelt continues to confuse free votes with votes of necessity. The Democratic party is being "taken for a ride."—The Tri-City Register.

### Is There No End in Sight?

June 30 marks the end of another Government fiscal year—a year during which Federal revenues have hit an almost unprecedented high despite the new depression. The total collections for the year will be almost six billions of dollars, a figure exceeded only twice in the history of America—two years immediately after the World War.

Several factors account for the big government income this year. One is the multiplicity existing taxes. Another is the imposition of higher rates under the Social Security Act.

Yet with revenues at this remarkably high level the Federal government is still operating on the red side of the ledger with the National Debt growing daily and the treasury still borrowing money—borrowing to meet the expenses of an expanded bureaucracy and to finance another pump-priming spree.

When will the government stop borrowing? those who are paying the piper ask. The prospects are not encouraging, for if this country cannot stop operating on I. O. U.'s with its revenues near an all-time peak, how can it ever expect to stop borrowing at all?

## TREVOR

Miss Olive Hope, Salem, called on the Patrick sisters Friday afternoon. Mr. and Mrs. Joseph Holly, Chicago, are spending the week at the Mrs. Anna McKay home where Mr. Holly is assisting in giving the McKay home a coat of paint.

Mr. and Mrs. Champ Parham, Deerfield, Ill., visited Sunday at the home of her sister and brother-in-law, Mr. and Mrs. Kermit Schreck.

### Alarcon First White to Glimpse Colorado Desert

The coming of the white man to the Colorado desert began with the conquest of Mexico by the Spanish troopers of Hernando Cortez back in 1519. From Spanish Mexico began the expansion that sent Cabrillo into southern California in the forty-second year of that century, observes a writer in the Los Angeles Times.

Alarcon probably was the first white man to glimpse the Colorado desert when he conducted the water expedition up the Colorado river in search of the mythical Seven Cities of Cibola. His explorations supplemented the work of Coronado, who ventured northeast and discovered that the supposedly wealthy cities were only miserable pueblos of the Arizona and New Mexico Indians.

No further attempt to explore the Colorado desert was made for more than two centuries, when de Anza was commissioned to seek an overland route to the coast of California. In 1774 he crossed the Salton basin with a few hardy adventurers, and met friendly Indians at the eastern base of San Jacinto mountains.

The Spanish regime in California was threatened in 1579 when Queen Elizabeth's Sir Francis Drake steered the "Golden Hind" into San Francisco bay and claimed California for Great Britain. The British, however, did not colonize their "discovery" and the iron grip of Spain remained on the land for two more centuries.

After discovery came settlement and the missions were established. In 1821 the revolt of Iturbide in Mexico broke the Spanish yoke which had held California for so long. Then ensued the golden years of lazy living in California. With the exception of a few Yankees who were absorbed into the culture of the land, there was almost complete isolation which left undisturbed the ideal life of the Californians.

Before the gold rush, settlers had come into California and set up the famous Bear Flag republic. Still another republic was established after this, and it was this government that was admitted into statehood in 1850.

### Our Ancestors Feasted on Variety of Wildfowl

"Poultry" is represented by turkey, goose, duck, hens, chickens, plover, pheasant, partridge, and sundry wildfowl. Our ancestors enjoyed a much wider choice, and had more original ideas about cooking their table fowl, observes a writer in London Tit-Bits Magazine.

Cranes were stewed, the head and neck hanging outside the pan; when nearly cooked the neck was forcibly pulled from the body, bringing with it all the tough muscles. Swans, herons, and bitterns were eaten at banquets, a bishop of London in the fourteenth century serving 1,700 herons at one feast.

Gannet is described as a most delicate fowl, to be eaten before the meal proper, "after being eaten to be well liquored with two or three good rouses of sherry or canary sack."

Puffins, too, were dainties in the time of Henry VI. Curlews and peacocks, starrings and larks were also popular. Spices and highly-flavored sauces were lavishly used to make fish-eating birds tolerable. Apparently the fowler's motto in the old days was that all was eatable that was snared in his net.

### Queerly Laid Out City

Alexandria is one of Egypt's queerly laid-out cities. Except in the very heart of the industrial and commercial quarters it never reaches a depth of more than a mile and stretches in a long line along the shores of the Mediterranean. Like an arrowhead, with greatly elongated arms, with a thickened, shortened stem, it stretches out on each side of the central point—the harbor and Ras-el-Tin—the "Head of Flies" on which His Majesty's summer palace is constructed. Alexandria is noted for its gorgeous gardens, the Greco-Roman museum, with its unique collection of tanagra figures, the Catacombs, Pompey's Pillar, and its famous zoo. The city is the setting of Cleopatra's versatile charm and the center of knowledge and philosophy before the Christian era.

### Blues and Spirituals

The blues and the spirituals, according to an authority, are first cousins. "Born out of group suffering," he says, "the spirituals give voice to the slave's song of a better world to come. The blues, also rising from a cauldron of pain and misery, are the expression of an individual singer, and bear the hope that although today is filled with unhappiness, tomorrow's sun will bring a new, happier day, right here on earth."

### Emeralds Long Favored

For centuries emeralds have been the favorite gems of beautiful women. Cleopatra was among the first to show her preference. She owned large emerald mines and gave large emeralds engraved with her portrait to her friends. Later on, history reveals that Napoleon's only gifts of jewels to the Empress Josephine were rare emeralds and pearls. Catherine the Great of Russia owned a large collection of emerald jewelry.

### Speedy Cheetahs Favored by Ancients for Hunting

Cheetahs have been used for centuries by oriental princes to run down game, as medieval kings used falcons to hunt birds and small animals.

The sport is so old that nobody knows where or when it began. It is believed to have spread from Egypt to Persia and later to India, where cheetahs lived wild in the jungles.

From Kenya colony, East Africa, Indian princes ordered fresh supplies of wild cheetahs, and British settlers made a business of catching them for sale to maharajahs.

Although they are the fastest animals in the world for short distances, writes Sam Brewer in the Chicago Tribune, cheetahs lack stamina and cannot go far. Hunters tie them down on horseback and say that a cheetah can rarely keep ahead of a good horse for more than a mile. Once tired out, they are roped and taken away for training.

They look much like leopards, but they are gentle and easily tamed; and, above all, they never turn on a man, as leopards and other cats are likely to do, after they have been tamed.

For all their looks, cheetahs are not classed with other members of the cat family. They are in a special group known to scientists as the jubatus. Their legs are longer and their bodies lighter than in cats. Their paws and claws are doglike, and they cannot pull the claws entirely out of sight as can cats. They purr like cats, but when they lick your hand it is like being licked by a barbed wire fence instead of the sandpaper effect of a cat's tongue.

They are timid and easily frightened at first; then they become dog-like in their affection.

### Strange Greetings Are Used in Other Countries

When we meet a friend we say "How do you do?" or "How are you?" In other countries there are different kinds of greetings, some of which sound very strange, observes a writer in the Montreal Herald.

In some parts of India the greeting is "Praise God, is your nose fat?" to which the reply is "Thank God, my nose is fat." After this the questioner says, "Then, may you live a thousand years." In Persia when a person meets a friend he says, "May your shadow never grow less." In Egypt people say, "How do you perspire?" The Chinese and Japanese remark is, "How is your stomach? Have you eaten your rice?"

Russian people inquire "How do you live?"; in Poland the question is "How do you keep yourself?" French folk politely ask, "How do you carry yourself?" While in Holland a correct greeting would be, "How do you fare?" When the Italians meet they say, "How do you stand?"

### Mixing Colors

By mixing the primary colors (red, yellow and blue) in various proportions most colors can be obtained. Mixing all three primary colors in equal parts gives a neutral color. By mixing any two of the three primary colors in proper proportion the complementary or secondary color results. For instance, mixing blue and yellow will produce green, which is the complementary color to red. Yellow and red produce orange, which is the complement of blue, while red and blue produce violet, the complement of yellow. If paint or enamel is not the exact shade desired, the color can be changed by adding white or black. To lessen the brilliance of a color add its complement—blue to orange, green to red or yellow to violet.

### Origin of Word Honeymoon

Among the northern nations of Europe, in ancient times, it was the custom for newly married couples to drink metheglin of mead (a kind of wine made from honey) for 20 days after marriage. Antiquarians say that from this custom the term "honeymoon," or "honeymoon" originated. Whether or not that is its origin, it is known that in the days of marriage by capture the bridegroom remained in hiding with his bride until her kinsmen tired of the search for her. Later, when love entered marriage and elopements were frequent, the bride and bridegroom remained in hiding for a while. Both of these "hiding periods" seem to point to possible origins of the honeymoon trip.

### The Painter's Palette

Some painters place the paints they are going to use in a neat row across the uppermost part of the palette; others squeeze out bold splotches of color without any attempt at order. The palettes are uniform in size and most of them, in addition to the pigment arrangement, have a tiny painting by the artist, a portrait or still life or landscape.

### Violins, Violas, 'Cellos

The viola is tuned five tones lower than the violin, and is approximately one-seventh larger than the violin. The violoncello, which is tuned an octave below the viola, doubles the violin in its dimensions. The double bass is approximately twice the size of the violoncello.

### DOUBLE PROOF

"They say the ape never falls in love but once."  
"Well, that proves that we're not descended from the monkey family."

### EASY PICKING

Visitor—Young Neversweat seems an inoffensive sort of fellow; but I understand he's a ne'er-do-well.  
Native—You might call him that. He's a ne'er-do-nothing.

### THAT'S THE GUESS

"I wonder what other talents she has besides singing?"  
"Besides? Instead of, don't you mean?"

### EXTRAVAGANCE

Skinpans—G'wan! I don't pay an income tax after deducting for each of my ten wives.  
Shellgrabber—I'm not the income tax collector. I'm after your personal tax on them ten wives.

**Opening of New Quarters**  
Webb Bros. & Perkins are now settled in their new store, on the east side of Main street, and have very fine quarters. The main room is 30 x 58 and is occupied on the right side with a stock of groceries. The clothing is on the left side and in the rear is a receiving room, 12x30. The boys are well pleased with their new store and well they should be. Drop in and see them.

## A June Wedding

A very pleasant wedding occurred at the home of Mrs. Anna Drom, on Saturday, June 22, 1895, the contracting parties being her only daughter, Susie I. and Albert E. Briden, of Chicago. The ceremony was performed by Rev. Clarence Abel. The bride was attended by Miss Alice Briden, sister of the groom, while Wallie Drom, brother of the bride, acted as best man. After the ceremony the guests, consisting of the immediate relatives of the contracting parties, sat down to a wedding feast, to which all did ample justice. The bride is a native of this place and one of our most estimable young ladies. The groom is a native of Chicago, and is a young man of exemplary habits, and holds a position with the Elevated Railroad Company. Mr. and Mrs. Briden will make their home in Chicago, to which city they returned Monday morning, accompanied by the best wishes of numerous friends in which THE NEWS heartily joins in extending congratulations and best wishes.

## Personal Mention

Chris Sorenson has been going around with a crutch for the past few days, the result of having cut his foot with an ax.

Mrs. N. S. Burnett has been at Prairie Farm, Baron Co., Wis., called there on account of the illness of her father, T. C. Richardson. She is expected home this week.

Miss Carrie Williams is meeting with fine success with her music class. The pupils are progressing rapidly, which speaks well for Miss Williams' ability as a teacher.

The marriage of Barney Naber and Miss Elizabeth Brogan was solemnized yesterday, at the Mill Creek Church, by Rev. Father Bruton. The groom is one of Antioch's progressive business men, and the bride is the daughter of Hugh Brogan. Both bride and groom have many friends, all of whom wish them all the good things that life can give to the deserving ones.

## TEN YEARS AGO

Route 59 Opens to Traffic Friday  
Now there's pavement all the way to Grand Avenue and Fox Lake. Tomorrow the road gap on 59 south from Lake street, recently paved, will be opened to traffic. The stretch of 1300 feet was left unpaved last summer to allow time for the hill fill to settle, and a month ago F. C. Feutz Co., contractors, returned to complete the job. The work was done in a few days and the requisite 21 days hardening process will have elapsed tonight. However, those who travel the road are warned that they do so at their own risk, as the road has not as yet been accepted by the state, according to state inspector, E. Erdanger.

ANTIOCH SEWING ACES  
PICNICKING TODAY

The members of the Sewing Aces club are having a "Tomb-Picnic" today. It is an occasion for the girls to forget their feminine wiles and graces and be just as hoydenish and harem-scarum as they please, without fear of criticism.

Picnickers met at the grade school at 1:30 o'clock and cycled out to the home of Mrs. Raether. Cars were provided for the girls who have no bikes and from Mrs. Raether's they repaired to the picnic site. The regular Thursday meeting at the high school was suspended today.

The picnic program was enlivened by a few specialties. June Kutil told her friends a few neat facts on the old theory that "Beauty is Skin Deep," while Meredith Mathews held forth on a peppy discussion of the subject "Soap, Water and a Healthy Girl."

LADIES AID HOLD PICNIC  
AT BLACKMAN HOME

Mrs. John Blackman was hostess to the Methodist Ladies Aid at her home on the Carey farm Wednesday afternoon. Forty persons enjoyed the afternoon playing outdoor games and a picnic lunch served by the hostess. The regular business meeting of the society will be held Wednesday, July 6th, at the home of Mrs. A. P. Bratrude.

## CHRISTIAN SCIENCE CHURCHES

"Christian Science" was the subject of the Lesson-Sermon to all Churches of Christ, Scientist, on Sunday, June 26.

The Golden Text was, "The ransom of the Lord shall return, and come to Zion with songs and everlasting joy upon their heads: they shall obtain joy and gladness, and sorrow and sighing shall be away" (Isaiah 35: 10).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For as the rain cometh down, and the snow from heaven, and returneth not thither, but watereth the earth, and maketh it bring forth and bud, that it may give seed to the sower, and bread to the eater; so shall my word be that goeth forth out of my mouth: it shall not return unto me void, but it shall accomplish that which I please, and I shall prosper in the thing whereto I sent it" (Isaiah 55: 10, 11).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "In divine Science, where prayers are mental, all may avail themselves of God as a very present help in trouble. Love is impartial and universal in its adaptation and bestowal. It is the open font which cries, 'Ho, every one that thirsteth, come ye to the waters.'" (p. 12, 13).

James Family Has  
4th Family Party

Members of the James family came last Sunday from various points in Illinois and Wisconsin to gather round a common dinner table on the ancestral farm home of the James', just west of Fox River. It was on this farm that Joseph Christopher James, settled in 1852, just 22 years after his arrival in America from England.

Last Sunday's reunion was the fourth to be held by the James family and it with the first reunion to be attended largely by both the Wisconsin and Illinois members of the family. Sixty were present at the farm meeting last Sunday and their ages ranged from babyhood to old age. Ellen James, of Milwaukee was the oldest person in attendance, her age was 82.

The majority of the guests were from Milwaukee, but there was a number from Rockford, Waukegan and Antioch. Antioch guests were Mr. and Mrs. Joseph C. James, Mrs. Ida Osmund, and Mr. and Mrs. John Horan and children. Mrs. Bertha James Gilbert came from Chicago.

At present the James farm is not operated by a member of the James family but is used as a children's recreational center by a Chicago philanthropist. The farm has been leased to outsiders, in fact for the last fifty years, but it was regarded as a splendid reunion center. Next year's reunion will be held in Milwaukee.

It is noteworthy that although Joseph C. is the best known family name among the members of the family, yet at present the only Joseph C. James living is Joseph C. James of Antioch.

A week prior to the reunion, on Fathers day, Mr. and Mrs. Joseph C. James celebrated their 49th wedding anniversary.

## AMUSEMENTS

**Douglas Directs White Banners**  
When Lloyd C. Douglas, author of  
"White Banners," visited the set where  
his book was being filmed in Holly-  
wood, there was little stir of appre-  
hensive excitement among the actors and  
actresses. This soon subsided when the  
robust, thin-haired one hundred and  
ninety pound author had circulated  
among them for a few minutes, eman-  
ating simple friendliness and shy in-  
terest.

The author of "White Banners,"  
"Magnificent Obsession" and "Green  
Light" was a clergyman for thirty-two  
years before he became one of Amer-  
ica's best-known authors. He personally  
directed one scene of "White Banners"  
which is opening next Friday at the  
Kenosha Theatre, Kenosha.

**Star Doesn't Enjoy  
\$10,000 a Week in  
"Joy of Living"**

Would you have trouble keeping  
the wolf from the door if your income  
was half a million dollars a year?

That's the situation Irene Dunne  
faces in her new musical comedy,  
"Joy of Living," with Douglas Fair-  
banks, Jr., which is being shown at  
the Crystal theatre, Antioch, for three  
days, starting Sunday, July 3.

As a musical comedy favorite and  
radio singer, Miss Dunne finds that  
her selfish and extravagant family is  
keeping her penniless, despite the lav-  
ish salary she receives.

As her acid-tongued secretary, Jean  
Dixon, points out, she just thinks she  
gets a salary. Half of her income goes  
for federal taxes; two thousand of the  
remainder for state taxes; her father  
spends a thousand a week trying to  
buck the stock market, and her mother  
has an equal amount to buy antiques,  
while the remainder goes for rent and  
a swank car and household expenses  
and clothes and her sister's publicity.

The balance is zero; and the result  
makes for many of the complications  
of the story, with Miss Dunne's fam-  
ily troubles as a bone of contention in  
her stormy romance with Fairbanks.

Also in the cast are Alice Brady,  
and Guy Kibbee, who heads the sup-  
porting cast of this Tay Garnett pro-  
duction, with Eric Blore, Lucille Ball  
and Warren Hymer. Jerome Kern  
melodies are featured in "Joy of Liv-  
ing."

## MILLBURN

On Saturday afternoon, June 25th,  
1938 at three o'clock, 125 relatives and  
friends gathered at the home of Mr. and  
Mrs. J. S. Denman to witness the  
marriage of their eldest daughter,  
Grace Eleanor to Earl H. Kane, Jr.,  
eldest son of Mr. and Mrs. Earl Kane  
of Diamond Lake.

Preceding the ceremony, Mrs. George  
White sang "Oh Promise Me" and "I  
Love You Truly," accompanied by Mrs.  
E. A. Martin, pianist and Richard Mar-  
tin, violinist. The wedding march was  
played by Mrs. Martin and the cere-  
mony was read by Rev. Samuel Holden.

The bride wore white lace over white  
satin with a finger-tip veil. For some-  
thing old she wore pearls belonging to  
the groom's grandmother, and for  
"something borrowed" carried a lace  
handkerchief belonging to her grand-  
mother, Mrs. C. E. Denman.

The bride's bouquet was of white roses  
and white sweet peas. Margaret Den-  
man, sister of the bride and maid of  
honor was dressed in blue satin striped  
chiffon and carried talisman roses with  
baby's breath. Sarah Kane, sister of the  
groom and bridesmaid wore peach nar-  
guisette and carried blue delphinium  
with baby's breath. Mitchell Kane, broth-  
er of the groom acted as best man and  
Kenneth Denman, brother of the bride,  
served as usher. Mrs. Denman wore

navy blue lace with a corsage of pink  
and white sweet peas and Mrs. Kane  
wore a navy blue embroidered-chiffon  
with a similar corsage.

The house was beautifully decorated  
with blue delphinium and peach colored  
gladiolas and roses. Following the cere-  
mony luncheon was served in the dining  
room with the bride and groom serving  
the wedding cake.

## Add to the Joy of Summer Living with an AUTOMATIC GAS WATER HEATER

Carefree Service Saves Time and Work...

### Meter Test in Actual Home proves the Low Cost of Automatic Gas Water Heating

This water and gas meter check was made in the home of Mr. Fred K. Champlin, at 730 Wagner Rd., Glenview, over a 15-day period.

1. Cost of heating 1 gallon . . . 1/5 cent
2. Cost of hot water for 1 person each day (13.9 gallons) . . . 24 1/2 cents

This included each person's share of hot water for all purposes for cleaning, dishes and other household needs, as well as baths and showers.

Hot water for warm, refreshing baths and showers in sultry, sticky weather! How they do pep you up after hard days at the office—after strenuous outdoor fun!

Then, too, with an Automatic Gas Water Heater, there's hot water at the turn of a tap—for dishes, cleaning, shaving—for the dozens of little chores around the house which are done so much easier when you have plenty of hot water.

Come in today—find out how little Automatic Gas Water Heating costs for your home!

### Special THREE MONTHS' TRIAL OFFER (For Limited Time Only)

**\$1.50 DOWN**

Up to 48 months to pay balance on your Gas Service bill

**PLUS**

### Lesson for July 3

#### A CHOICE OF LOYALTIES

LESSON TEXT—Joshua 1:2-9; 24:14-21.  
GOLDEN TEXT—As for me and my house, we will serve the Lord. Joshua 24:15.  
PRIMARY TOPIC—Choosing Sides.  
JUNIOR TOPIC—A Loyal Leader.  
INTERMEDIATE AND SENIOR TOPIC—A Choice of Loyalties.  
YOUNG PEOPLE AND ADULT TOPIC—Man's Highest Allegiance.

"Lives of great men all remind us," according to the poet, that we too may make our lives sublime, and thus leave our footprints in the shifting sands of time. The study of biography is interesting, instructive, and often challenging. When we enter the field of Bible biography we bring into consideration an additional and fundamental factor, namely, the power and grace of God working in and through a surrendered life. All strength of character and ability is a gift of God, but its glory is largely veiled and its usefulness definitely limited, if not actually perverted, because there is no recognition of the foundation of true greatness, which is faith in and loyalty to God.

During the next three months we are to share in the study of the life stories of great men and women, which will not only stimulate ambitions but which also reveal what God can do through those who are ready to follow Him.

Moses, God's great leader for Israel, having brought them out of the land of bondage and through the terrible wilderness, is about to leave them. God's workman is about to die, but His work is to go on. God is not taken by surprise.

I. A Prepared Man Takes Command (1:3-9).

"Moses is dead; now therefore arise." Life is like that. "The king is dead; long live the king," is the cry of those who live under monarchies, as one ruler dies and his successor takes over the throne. Until that day when there shall be "time no longer," men must put away their sorrow and go on. Three words characterize the commission.

1. Promise (vv. 2-4). God gave the land to Israel. Every place that Joshua planted his foot upon was to be his possession, even as God has promised Moses. A river lay between; there were walled and armed cities to be taken; there were even giants in the land, but God promised it to Joshua; and he took it by faith.

God has given us many promises, too. If we are faithful, poverty-stricken, powerless Christians, it is because we do not believe God.

2. Power (v. 5). No man is able to stand against God's servant who is doing God's will, in God's way, in God's time. It was true of Joshua; it is true today. Men set up their opposition to God's plan and program with the assumed belief that because they have position, power, or money, they can readily crush the poor little band of Christian workers. Russia tried it. They even "abolished" God. But religion thrives in Russia, secretly perhaps, but none the less sincerely and successfully.

3. Courage (v. 6). To serve God means to be assured of His help. Faith lays hold of that fact and the whole man becomes courageous.

II. An Experienced Man Gives Counsel (24:14-21).

More than two decades have passed since the appointment of Joshua to lead Israel. God has fulfilled every promise. Israel is in the Promised Land. Before the aged leader dies he calls the leaders of his people together to urge them to continue in the way of faith and loyalty to God. This he does by:

1. Example (v. 15). "As for me and my house, we will serve the Lord." No man can honestly and effectively call others to devotion to the Lord unless he sets them an example.

2. Instruction (vv. 16-19). Remembering God's dealings with them, the people declare their determination to serve the Lord. They spoke rather glibly. Joshua instructs them. God is not interested in lip service. He does not need them so much as they need Him. He does not look upon their confession of Him, if they continue to live in sin.

3. Warning (v. 20). God will visit His judgment on His people if they forsake Him and turn away—such is Joshua's warning. We who look back to the history of Israel know that they did forsake Him, and that the judgment of God is still upon them. "Be not deceived; God is not mocked; for whatsoever a man soweth, that shall he also reap" (Gal. 6:7) is God's warning through Paul to the Christian.

Be a Torch-Bearer  
The poorest can be God's torch-bearer as well as the richest. The little candle may do more good in the world than the flaming beacon.

Giving Up Faults  
Most people do not mind their faults being spread out before them. But they become impatient if called upon to give them up.—Goethe.

Living  
He lives long that lives well, and time mispent is not lived, but lost.

## LITTLE STORIES FOR BEDTIME

by Thornton W. Burgess

### OLD MR. TOAD RECEIVES ANOTHER INVITATION

OLD MR. TOAD was so puffed up with pride that he had become quite unbearable to his old friends and neighbors and all because he had dined with Buster Bear. He thought it an honor, a very great honor, to have been invited to dine with one for whom every one had such a very great respect as they had for Buster Bear and because he felt that it was such a very great honor, he puffed himself out with pride and felt himself so far above his old friends and neighbors

Old Mr. Toad Was So Puffed Up With Pride That He Had Become Quite Unbearable.

that he would have nothing to do with any of them excepting Bobby Coon, who, you know, is a little cousin of Buster Bear.

At first everyone had laughed at Old Mr. Toad, but after a little they grew tired of being treated so and some of them put their heads together to think of some plan to teach Old Mr. Toad a lesson, and what a very foolish thing false pride is. The very next day Jimmy Skunk went into the Green Forest to look for Buster Bear. You know, Jimmy isn't afraid of Buster. He didn't have to look long and when he had found him the very first thing he did was to ask Buster if he had seen any fat beetles that morning. You know Jimmy is very fond of fat beetles, and the first thing he asks anyone he may happen to meet is if they have seen any.

Buster Bear grinned and said he thought he knew where there might

be a few and he would be pleased to have Jimmy go with him to see. Sure enough, under an old log he found five fat beetles, and these Jimmy gobbled up without asking Buster if he would have one. Jimmy is usually very polite, but this time he quite forgot politeness. I am afraid he is rather apt to when fat beetles are concerned. But Buster didn't seem to mind. When the last beetle had disappeared Jimmy smacked his lips and then he told Buster Bear what he had come for. Of course, at first Buster had thought it was for the fat beetles. But it wasn't. No, sir, it wasn't for the fat beetles at all. It was to get Buster Bear's help in a plan to teach Old Mr. Toad a lesson.

First Jimmy told Buster all about how puffed up Old Mr. Toad was because he had dined with Buster and how ever since then he had refused to even speak to his old friends and neighbors. It tickled Buster Bear so to think that little homely old Mr. Toad could be proud of anything that he laughed and laughed, and his laugh was deep and grumbly-rumbly. Then Jimmy told him the plan to teach Old Mr. Toad a lesson, and asked Buster if he would help. Buster's eyes twinkled as he promised to do what Jimmy wanted him to do.

Then Jimmy went straight to where Old Mr. Toad was sitting all puffed up taking a sun bath.

"Buster Bear has just sent word by me to ask you if you will honor him by dining with him tomorrow at the rotten chestnut stump near the edge of the Green Forest," said Jimmy in his politest manner.

Now, if Old Mr. Toad was puffed up before, just think how he swelled out when he heard that. Jimmy Skunk was actually afraid that he would burst.

"You may tell my friend Buster Bear that I shall be very happy to honor him by dining with him," replied Old Mr. Toad with a very grand air.

Jimmy went off to deliver his reply, and Old Mr. Toad sat and puffed himself out until he could hardly breathe. "Honor him by dining with him," said he over and over to himself. "I never was so flattered in my life."

And that night he refused to speak to Bobby Coon, even though Bobby was cousin to Buster Bear.

### Victoria Regia, the Biggest Leaf!

RICHARD SCHOMBURGH, an early South American explorer, discovered this giant lily leaf in the jungles of South America and named it after his sponsor, the English queen. It lies on the still water of tropical lakes and backwaters, provides sun-parlors for large frogs and little alligators. It can't support a child, as the old geography books depicted, but two people, if they like, can give a shadow show on each glistening pad.

The Word "Tennis"  
The word "tennis" came into Middle English from the Italian, but goes back to Thania, a town in Egypt from which cloth came for making tennis balls.

Why Baths Were Demanded  
Gen. "Mad" Anthony Wayne made his men take baths because, he said, he didn't want the enemy to scent their whereabouts.

Hydrogen gas was discovered by Cavendish in 1776.

The "Tenpenny Nail"  
Troy weight of 24 grains, the pennyweight, was in early English history the actual weight of a silver penny. At that time it weighed 22½ grains or one two-hundred-and-fortieth part of the Tower pound, the earliest form of the British sterling pound. Until about the Fifteenth century nails were sold in England by the hundred, the price being determined by the size of the nails. Those sold at tenpence a hundred were called tenpenny nails, those at sixpence a hundred were sixpenny nails, etc. The old names survived even after the prices had changed and we used them as standards of length.

## FARM TOPICS

### PRODUCE STAND IS STREAMLINE STYLE

### Rickety Stations Are Not Business-Getters.

By W. C. Harrington, Farm Engineering Specialist, Massachusetts State College.—WNU Service.

Streamlining has hit the farm produce stand. Instead of the haphazard heap of vegetables under a scrawling sign, the farmer is now putting up well-designed buildings, landscaping the grounds, and going after business in a businesslike way.

The day of the rickety farm produce stand is done. Roads are smoother, cars are faster, and the farmer who wants to keep his share of the city driver's business is changing his old stand to meet the new conditions.

The following are listed as the most important points for consideration in laying out the farm produce stand for this summer's business:

The station should be visible for several hundred feet so that prospective purchasers may recognize it and make necessary decisions in time to drive in. The highway approach should be level for several hundred feet in either direction. Highways divided by parkways are often less desirable for the location of a station than where there is no separation. Stations located near crossroads or slight curves often enjoy a larger number of customers because of the slowing down of cars.

The building should be suitably and artistically designed. Pleasing color schemes unmarred by miscellaneous advertising signs are most desirable. Shade trees, nearby groves, shrubbery, and a well-kept lawn often make an attractive stopping place, but they should not interfere with parking or visibility. The site should be level, with ample parking space so arranged that traffic will not be interrupted. Ease of access is to be preferred to ease of exit. Attractive signs should be erected in a conspicuous location. The signs should be so lettered that the station and its purpose can be ascertained while the driver is at a distance.

There should be an ample supply of pure water. Suitable drainage should be provided, not only for the parking surface but for sewage and other waste water. The parking surface should be dressed with small gravel or crushed stone. Where the station is to be open after dark, suitable yard, sign, and station lighting will be found helpful.

### Frozen Egg Industry Is Centered in Middlewest

The practice of breaking, canning and freezing eggs is said to have begun in Kansas about 1900. Today, notes a writer in the Chicago Tribune, there are more than 200 plants in the business in the United States, with about 80 per cent of the production centered in the Middle West, which is the leading source of eggs. The output of frozen and liquid eggs in this country now exceeds 200,000,000 pounds yearly.

Until about 1921 the large American bakers and makers of noodles, macaroni, ice cream, candy, and salad dressing depended largely on dried eggs from China to meet requirements. Then the use of frozen eggs began to increase rapidly, tripling in the next six years, and great storage stocks began to accumulate. So important did the industry become that on April 1, 1937, the Chicago Mercantile exchange made arrangements for both cash and futures trading in canned frozen eggs.

About half of the output of this product consists of whole eggs, and the rest of whites and yolks canned separately. Hotels, bakers and restaurants use frozen whole eggs, and plain and sugared yolks. The whites are used by makers of confections. Mayonnaise and salad dressing makers use about 16,000,000 pounds of plain, sugared and salt yolks and whole eggs each year. Canned eggs are used also by sausage makers and pharmaceutical manufacturers.

### Lepedeza in Shade

Lepedeza is not a pasture possibility in dense woods, but the crop promises to stand more shade in wood lots than will bluegrass, according to K. E. Beeson of the agronomy department, Purdue university. While the plant will grow on thin, acid soil, rich, sweet soil renders a marked increase in growth. Do not expect much of a stand if Lepedeza is grown in areas shaded to any great extent.

### How Much Pullets Eat

It is important for one to know how much feed a pullet will eat so that the feed cost can be figured and financed, says a writer in the Missouri Farmer. At the age of 6 months a pullet will have consumed about 25 pounds of feed. The bigger the pullet grows the more feed she will consume accordingly. In other words, she eats very little feed while a chick, but her appetite knows no bounds when she is about full grown.

## NEW COLOR SCHEMES MARK LATE STYLES

Add Lure and Zest to Costume for Summer Wear.

By CHERIE NICHOLAS  
Color combinations that would have been regarded as "impossible" in the past are showing up in the new fashions with a beauty and intrigue that we are just beginning to appreciate in the realm of costume design. The adventure in color which contemporary designers are making is adding new lure and zest to present-day fashions.

Fuchsia with chartreuse is a new alliance and in the smart Schiaparelli prints there are such combinations as hydrangea blue with mauve or pale yellowish green with delicate parme violet. With the gray suit wear dubonnet red gloves, veil and boutonniere. With the navy outfit combine shocking pink or deep toned raspberry. Wear a pink tweed jacket with your navy skirt. Wear luggage tan and yellow accessories with your white tailored suit or with your navy; black or brown costumes.

There are striking bi-color dresses that go half-in-half navy with white, black with luggage tan, also navy with red or black with green. Then, too, the pastel costume uses several shades together, a popular note being the new flower jewelry that is formed of wee composition posies massed in a rainbow of tints. It's fun to go color experimenting this season for the shops are showing gloves and tinted lace neckwear and shoes and bags that are in gayest imaginable colors and are noteworthy because of the unusualness of the tones and tints.

## GAY PLAY CLOTHES By CHERIE NICHOLAS

Having recently completed a coast-to-coast survey of our nation's style centers via American Airlines, Miss Thelma Roberts, well-known fashion authority, states that she is greatly impressed with the enthusiasm shown for fashions that are genuinely American in inspiration and theme. "In the summer styles now showing much inspiration is drawn from the colors and designs of the Southwest, as well as Mexican and Indian motifs," says Miss Roberts. "Clay reds, turquoise blues, neutral sand shades from great stretches of desert and radiant canyon colors, Indian paint colors and Indian motifs, also the flowers and the birds of the South and the Southwest are copied accurately into smart fashions. Especially in gay play-clothes does the rancho, cowboy spirit pervade." The rancho costume worn by the girl in right is self-fringed in cowboy fashion, the material a desert clay neutral with splashes of color in kerchief head square and striped waist. The other fair vacationist is in "fun clothes" too. Her pretty cotton frock is with the new apron effect that is a feature of current styling.

## White Hats Popular With

Dark Costumes for Summer  
Coming more and more into their own are the simple little white hats to wear with dark costumes.

They are appearing in sailors, pill-boxes and tricorns, in toyo, falles, felt and plique, frequently with black and navy touches. Sometimes there are flower trims in bright colors.

## FLASHES FROM PARIS

Feathered millinery recalls years ago.  
Many evening gowns are of tailored satin.

Designers indulge in novel color combinations.  
Summer fashions emphasize witchery of lace.

Black linen makes many neat town dresses and suits.  
Summer dresses are worn under pretty and gay velveteen coats.

Eyelet embroidery and Val lace in "baby" fashion trim lingerie gowns and blouse.

## FIREMEN

(continued from page 1)

paid tribute to their loyalty and their community service record.

The Mayor, during the course of his address, dwelt on the history of the department, telling of the early lack of equipment and the resultant great fire losses sustained by the city and its people. He pointed out that, block by block, practically the entire city of Antioch was destroyed by fire within a period of four or five years, necessitating replacement by new buildings, and he traced the rebuilding of the department since that time. At present the department has two splendid modern trucks, and the entire cost of these expensive trucks, with the exception of \$1,000.00, was paid by the efforts of the department. In recent years the people have voted a tax for the support of the department, and Antioch is now included in a fire district which has a one-thousand gallon tank for fighting rural fires. The Antioch department is responsible for formation of this district but Antioch fire fighters are still volunteers, unsalaried except for time actually spent in fighting fires, for which time a nominal compensation is allowed.

Added to Mayor Bartlett's address were speeches from other interesting and interested persons, some of them from neighboring cities. Credit for the details of the program is due to the present fire chief, James Stearns and to his associate committee men, among whom were the following: Frank B. Huber, Richard Allmer, L. D. Powell, Herman Roseng, Clarence Shultz, Einar Peterson, Edgar Simonsen, Cetus Vos, Irving Elms, John Gaa, Lewis Shultz, Howard Strang, Elmer Hunter, C. E. Henning, Andrew Cobb, Harry Willett, Curtis Hadlich, Richard Allmer, Chas. Vykuta, Arthur Van Patten, James Dunn, James F. Horan, George Miller, Alfred Shephard, Dudley Kennedy and John Horan.

## Moving Pictures Taken

Moving pictures were taken of some of the interesting events of the day, and so Antioch firemen will take their place on the silver screen as news-makers of the day. There are at present thirty-

five members of the department, all of them well-trained and efficient.

The street dance, with which the day closed, was on a waxed canvas, offered for the occasion by the father of R. G. Holtz, of Antioch. The senior Holtz is in business in Winneconne, Wisconsin, and the canvas, which is 40x80 feet, is one frequently used in Winneconne for dance purposes. The music for the occasion was supplied by Tronson's sound truck, which is 250 records strong and proved adequate to the demands of the dancers, working tirelessly and unintermittently.

## Antioch Girl One of Camp Leaders

Miss Pearl Edwards of Antioch is at Camp Rotary near Rockford this week, acting as one of the leaders of the 55 4-H Lake County girls who are spending the week there, enjoying a program of swimming, handicraft, health and nature lore. Other leaders from the camp are Mrs. John Pearson, of Libertyville, Miss Margaret Sorenson, of Grays Lake, Miss Marjorie Kane, of Mundelein and Miss Shirley Mills of Libertyville. Miss Helen Johnson Volk, Lake county adviser, is secretary of the camp.

Some of the Lake county girls traveled to the camp in private cars. Others formed a party who were transported to the camp by bus.

## Supt. Petty Attending NEA Meeting in New York

County Superintendent of schools W. C. Petty went to New York Friday to attend the annual convention of the National Educational Association. He took his family with him, lending something of a vacation tinge to the occasion. They will return immediately after the Fourth and Mrs. Petty will be back in his office in the Wankegan courthouse on July 6.

## Antioch Girls Go to Rockford With 4-H Club

Dorothy Aranson and Theodora Hennings left Monday for a few days outing with the Girls' 4-H club at Rockford. The group is in charge of Miss Pearl Edwards, club leader.

## Farmers' Picnic Planned July 14

The Farmers Picnic sponsored by the Lake County Farm Bureau, Lake County Home Bureau, Pure Milk Assn., District No. 7, the Rural Youth Assn., and the Protective Assn., will be held during the day of Thursday, July 14 at Cook's grove on the east side of Bangs Lake. Entry is from route 176. The evening dance and program will be held at Ray Bros. Pavilion, Diamond Lake.

The committee composed of W. J. Swayer, Geo. Vose, Earl Kane, Louise LaMagdelein, Joe Wiser, D. H. Minto and H. C. Gikarson, decided that Cook's grove is an ideal place for the picnic as there is ample room for parking, games, races, soft ball, and hard ball games, all to be carried on at the same time. There is depth enough for the swimming contest to be conducted. Ray Bros., Diamond Lake, have an ideal location for the dance and evening program.

Committees were appointed which to gether with their chairman are as follows:

Entertainment, W. J. Swayer. Exhibits and concessions, D. H. Minto. Parking, W. B. Jackson. Track, A. D. Smith. Horseshoe, Bert Edwards. Soft ball, Bertram Abney. Hard ball, Harry Matthews. Dance, Harry Matthews. Grounds, W. J. Swayer. Tug-O-War, C. A. Faulkner. Loud speaker, W. A. Chandler. Checker contest, Henry Ames. Swimming events, Leroy Kane. Womens events, Mrs. Paul Allanson. There will be special events for children.

## ACES TAKE 3-1 GAME FROM GRAYSLAKE

The Antioch Aces beat Grays Lake in a 7 inning practice game Tuesday afternoon on the local diamond. The score was three to one. Two base hits were scored by Portegys and Koehn. Carlson made a home run and struck out twice. Gerke struck out once. Following is the score:

## Officials Promote Dunes Park

Illinois Dunes Park officials are working hard on measures designed to secure a portion of the summer vacation and tourist business for the Illinois Dunes Park, which lies north of Wankegan. The park opened early, and according to Stephen Hotham, general manager, many visitors have already been entertained there.

Officials of the park are asking the Chicago and Northwestern Railway to stop some of its trains at the Dunes Park station, just opposite the park entrance. They are also trying to make arrangements for special transportation service over this road.

The park includes three miles of Lake Michigan beach and two hundred acres of woods, meadows and dunesland. Persistent effort is made by the park association to have it made a national park. It has now a well-equipped trailer camp.

## VACATION LIFE SAVERS

Don't try to climb "in" or "on" to boats

If you're overboard, you're wet anyway. Stay there... just a light hand hold on the boat holds up all who could have been in the boat, if there's no climbing or panicking. There will be a lake full of Outboards to pick you up! You can paddle ashore!

It's the SAFE Highway and Play place... WATER!

## NORTH PRAIRIE ENDS CENTENNIAL RITES

## 400 Persons in Attendance at Last Presentation of Historical Pageant

Wednesday night saw the final presentation of the Centennial historical pageant presented at the North Prairie Church, North Prairie, by three churches that have attained their hundredth birthday. These churches are the North Prairie Methodist church, the East Benton Methodist church, at Zion, and the Yorkhouse Methodist church. These three churches came into being a mere hundred years ago as a single unit and later separated into three separate units to serve different growing communities.

The pageant, presented on a raised platform opposite the church, was staged three times during the past week. The stage was backed by trellised green and was well-lighted. The pageant was colorful and well-directed, carrying considerable historical value. It was under the joint direction of George Price and Mrs. Mabel Downs, assisted by several committees, with their various chairmen.

The pageant opened with an episode from the lives of the earliest known inhabitants of North Prairie, the American Indians. This episode was followed by the arrival of the first white family, that of John Rockwell Nichols. The third episode was a tribute to the picturesque and devout "circuit riders." The birth of the first child in North Prairie, the first marriage and the organization of the Methodist church came in for their share of pageantry, as did the first school and the departure of soldiers for the Civil War. The destruction of the church by lightning in 1923 was depicted, and the building of the new church followed.

The presentation of last evening's pageant was attended by approximately 400 persons.

## Tuberculosis Drive On by Association

The usual weekly chest clinic sponsored by the Lake County Tuberculosis association will be held Wednesday from 8 to 11 a. m. Miss Orpha White, executive secretary of the Association, has been granted a vacation during the month of July and after this week no clinic will be held until in August when notice will be made through the newspapers.

From figures available, the Illinois Tuberculosis association has released the following information.

"Three hundred patients enter tuberculosis hospitals on the same day, let us suppose that one hundred of the patients with tuberculosis had the disease in an early or minimum state—85 out of that hundred would be able to work again."

"Another hundred of the patients had tuberculosis in a moderately advanced form—50 of those people would be

able to earn money after discharge from the sanatorium.

"Out of the last hundred only 16 could hope to make money again because their infection and disease had progressed to a far advanced stage."

These figures show that tuberculosis is easiest cured when discovered early, and it is explained that this is the reason for the present drive to locate tuberculosis in apparently healthy individuals.

## Kenosha Legion Carnival

The American Legion Post of Kenosha begins the annual summer festival Saturday night. It will continue to the 9th of the month.

Elaborate preparations have been made to insure the success of the festival, which has always drawn splendid crowds. Amusements will be provided by Hennie, known as a leader in the carnival business.
